

NEW! Impact-Rated Privacy Glass

The new Therma-Tru® Impact-rated privacy glass collection provides natural light and privacy as an alternative to clear glass and opaque doors. Available in four elegant designs, this triple-pane glass offers increased thermal performance and improved sound dampening when compared to double-pane designs. Therma-Tru® Impact-rated privacy glass also features our Lip-Lite frame. The frame is scrolled to provide a thinner, sleeker profile, and has a screw channel cover to hide unsightly screws. Privacy glass is an attractive option for cabana and pool bath doors.

Chord Glass (XC)

A vertical, flowing pattern reminiscent of waves on the water.

Chinchilla Glass (XJ)

A free-flowing configuration, presenting quiet lines and curves.

Rainglass (XR)

An elegantly fashioned glass, featuring ripples of cascading water.

Granite Glass (XN)

A coarse grained arrangement with surface detail over the entirety of glass.

Privacy Glass Options Key

Therma-Tru® door and sidelite style numbers now include the following abbreviations for the four new privacy glass options. The style number listed under each image matches the privacy glass option shown. Each door and sidelite is also available in any of the other privacy glass options by using the appropriate code to the right.

- XC = Chord Glass
- XJ = Chinchilla Glass
- XR = Rainglass
- XN = Granite Glass
