TRILENNIUM<sup>®</sup>  
MULTI-POINT LOCKING SYSTEMS

One simple way to put your mind at ease. Trilennium<sup>®</sup> Multi-Point Locking Systems and Hardware Collection. Secure. Strong. Safe. Reliable. Easy. The best multi-point locking system available.

# Security. Strength. Reliability. Performance. Peace of Mind.

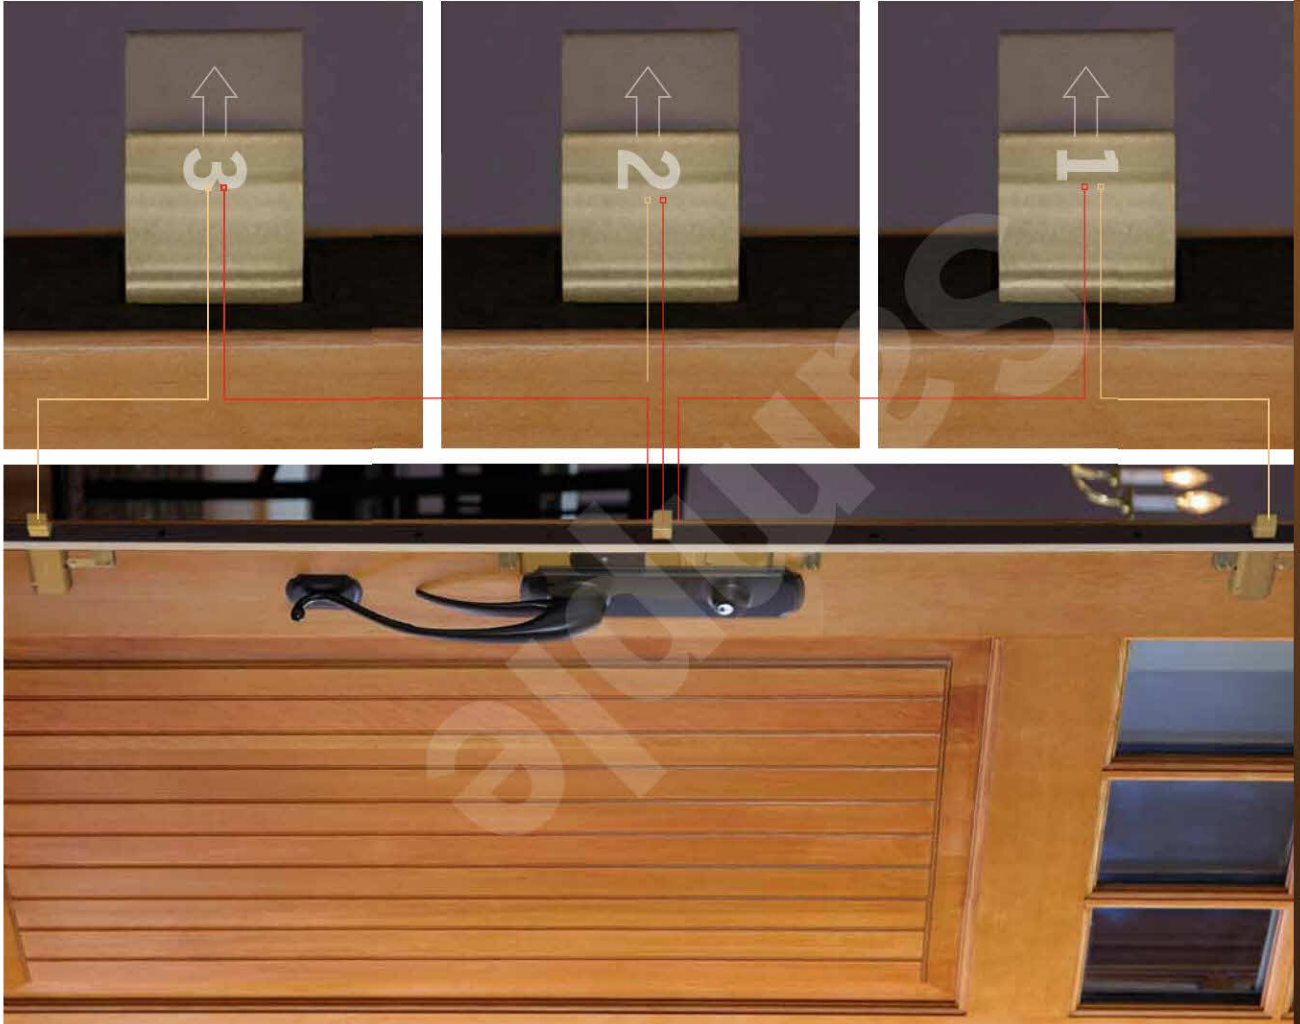

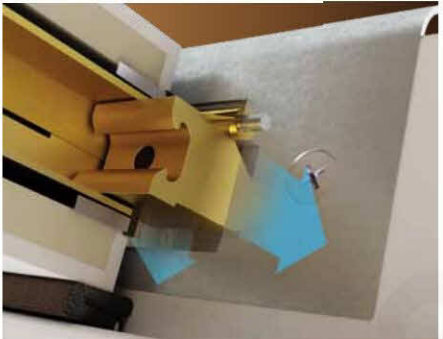

One solid unit. Three latches. Based on the strength of our patented 1-Beam construction for reliable, proven performance.

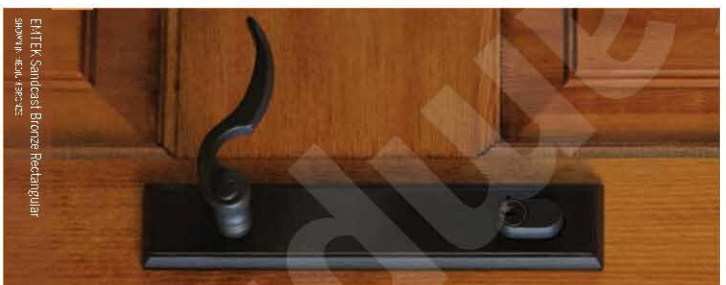

Operating as one, all three latches engage when the door is closed. One movement of the key or thumbturn activates all three latches. When activated, each latch becomes a deadbolt that cannot be compromised.

One single downward turn of the interior handle releases all three deadbolts.

Three times the strength. Three times the security. Three times the protection. One multi-point system can be best at protecting your home. TriLennium™.

*A patented system of strike rollers and latches draws the door panel into perfect alignment with the jamb, eliminating leakage and ensuring a tight seal.*

**Level One W&F Hardware®**

Eclipse Entry Set  
SPEWAL1507L NIC/CL

Pinnacle Entry Set  
SP001M1000M/BRONZE

Horizon Entry Set  
SP001M1000M/BRASS

Eclipse Grip Handle  
SP001M1000M/BRONZE

The first entrance grip set designed to work with multi-point locks.

**W&F Hardware Lever Options**  
Eclipse and Pinnacle levers are interchangeable to provide a tailored look.

Three levels of hardware are available. Each is specifically designed to work with the Trilennium Multi-Point Locking System. Choose your level, choose your style, choose your finish. With Level Two or Level Three, you can even choose your lever. The choice is yours!

The W&F Hardware collection combines elegant design with precision engineering for beautiful, reliable performance. W&F Hardware is available in entry, patio, inactive, passage and dummy functions.
