INDUSTRIES, INC.

Quality Windows & Doors Since 1960

2200 Series

UnEqual Panel French Door

New for 2020, Lawson is offering the 2200 Series French Door in a 2-Panel UnEqual Panel Configuration. The 2020 UnEqual Panel Configuration allows for applications where consumers want the look of a 2-Panel French Door with a larger sized primary door or a wider opening size than conventional single door with sidelights. Easier to install and more functional.

- Available in 2-Panel sizes from 48" to 64", single door sizes to 36".
- Available with Standard or Stand-Alone Sidelights.
- Available in 5/16" or 7/16" mono laminated glass and 1 1/16" insulated laminated (LIG) glass as specified.
- Available in standard Fullview, Brittany or Colonial glazing styles or in a variety of our all-new Designer Series Glazing Styles.
- Available in clear glass standard, textured glass styles obscure or Rainglass, LoE366 and tinted glass colors blue, green, white, bronze, or gray interlayer. Custom glass types, double or triple tints are available special order.
- Choose from a variety of finish colors – White or Bronze powder coat painted standard finish colors and Walnut Brown or Hazelnut Brown Woodgrain.
- Meets HVHZ standards. Meets or exceeds Miami-Dade County NOA and FBC Building Codes.
- Meets AAMA 1302.5-1976 Code for Forced Entry Resistance.
